

Schmitt Woodland Hills Brings You....

The ***Family Ties*** ***Newsletter***

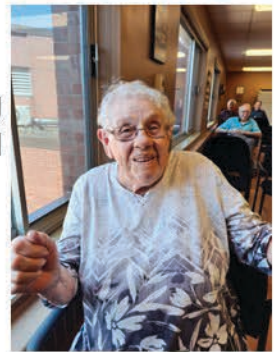

September 9, 2024

COVID Update:

Since our last update we did have a couple residents and a staff who were positive. Fortunately, we have released all residents from COVID isolation restrictions and are able to resume normal activities. Our staff who was positive will be released from restrictions on Wednesday 09/11. Beginning on Thursday 09/12 the blue surgical masks only will be required as long as we have no more cases. Visitor will continue to be asked to mask as well. Please pray with us that we will remain free of more cases in the coming days and weeks.

Campfire with Kevin

Kevin Murphy is always a popular time for our residents to get together, sing songs, and have fun together. The only thing that could make this better would be a marshmallow on a stick.

Root Beer Anyone? As apart of National Root Beer Day the residents got to have a cool, refreshing Root Beer float. I don't know about you, but Root Beer floats always make me think back to days gone by. It's just too bad that the foam doesn't last forever.

As Summer winds down and Autumn approaches residents and staff alike look forward to the change of seasons

coming. The beautiful colors of the hills surrounding our building, seeing the nature prepare for winter and all the fun activities that come along with that change. Unfortunately that also means that our Cycling without Age Trishaw rides will be winding down as well.

The Trishaw rides have become very popular with residents, and our Activities Department works hard to get as many residents as possible out as often as we can. One area that we have struggled this year is with finding Pilots to give the Trishaw rides. We have been very grateful for all of the Pilots that we have had, but this year has shown a decline in the number that we had.

One of our goals for the new year is to grow this program so that the residents have more opportunity to get out and see the sites of town. If you or someone you know enjoy riding a bike or just have some time to give to others, please contact our Development Department.

A bittersweet day for residents, staff, and the Community August of 2024 will not be forgotten at Schmitt Woodland Hills. Bill Bartlett has spent the last 12 years devoting his time and talent to improve the lives of everyone that has a connection to Schmitt. Schmitt Woodland Hills would like to thank Bill for everything that he has done for everyone here. Bill was always doing what was in the best interest of our residents. He spent countless hours finding ways to fund projects and researching what else we can do to improve our facility and the environment of Schmitt.

We wish Bill the best in his well-deserved retirement!

Acts 20:35 - I have shewed you all things, how that so labouring ye ought to support the weak, and to remember the words of the Lord Jesus, how he said, It is more blessed to give than to receive.
